

*Norwalk Harbor Management Commission
Application Review Committee Meeting
Wednesday, May 23rd, 2018
6:00 p.m.
Planning and Zoning Conference Room
Norwalk City Hall*

1. CT DOT will discuss the Test Pile Program slated for the summer of 2018. In addition, CT DOT will provide an overview of the water related activities needed prior to the actual WALK Bridge replacement: Discussion of Coastwise Marina piles that need to be pulled and a current status the WALK Bridge project.
2. 44 Shorehaven Road CAM Application submitted by Jonathan Farber proposes to demolish the existing structure (and other property structures) and re-construct a single family residence with attached garage and other site improvements within an AE12VE15 flood zone. The property is split between the City of Norwalk and the town of Westport. Stormwater from the residence, pool house and driveway will be collected and piped to underground infiltrators in the southwestern corner of the site (Norwalk Sector). Imperious surface area will be reduced by 406 sq ft. Water runoff in the rear portion of the property (Westport sector) will continue to sheet flow over lawn areas and into LIS.
