

**Norwalk Harbor Management Commission/ Water Quality
Committee Meeting**

**Wednesday May 21st 2014, 11:00 AM Norwalk Heath
Department**

2nd Floor Library.

Agenda:

Call meeting to order:

- A. The committee will review findings from the Harbor Management Commission's project to assess water quality data from the Norwalk River and Harbor. Tom Hart, the Commission's consultant for this project, will describe his statistical method for analyzing the relationship between Harbor Watch data from the river and Bureau of Aquaculture data from the harbor. We will discuss the significance of Tom's findings and consider recommendations for our next steps. This meeting will be a preliminary project review.
