1.21.1 General.

A. Purpose; Continuation.

1. The purpose of this Section 1.21 is to permit to continue Nonconformities that legally existed prior to the Effective Date of these Regulations or other Zoning Change, but to strictly limit the extent to which Nonconformities may be established, Expanded or Altered. This Section 1.21 is intended to bring Nonconforming Uses into conformity with these Regulations as quickly as the fair interests of the parties and applicable law will permit.

2. Except as otherwise provided in these Regulations, a Use, Building, Structure, Lot, or Sign that legally existed immediately prior to a Zoning Change, may be continued as a legal Nonconformity in accordance with the provisions of this Section 1.21.

3. Uses, Structures, Lots, or Signs that previously were legal Nonconformities, but which become conforming because of the adoption of these Regulations, shall no longer be considered Nonconformities provided that all applicable provisions of these Regulations are complied with.

B. Burden Proof; Presumption of Legal Existence.

1. The burden of establishing the legal status of a Nonconformity shall be on the owner of property on which the purported Nonconformity exists.

2. A Nonconforming Lot, Structure, Building, or a Use of land, Building, or Structure shall be deemed

to have existed before the Effective Date of these Regulations or amendments thereto if:

a. The parcel of land was recorded as a legal building Lot in the Norwalk Land Records; or

b. A Zoning Permit has been issued or Planning and Zoning Commission approval granted and work shall be completed according to approved plans.

3. A Use permitted in a District by Special Use Permit, in accordance with the provisions of Sections 4.3.9 and 8.4.8, is deemed to be a conforming Use in such District provided that a Special Use Permit is issued in respect of a specific parcel.

C. Nonconformity Not Grounds for Variance.

The presence of a Nonconformity shall not, in itself, be considered grounds for the issuance of a Variance for any property.

1.21.2 Nonconforming Uses, Nonconforming Buildings & Nonconforming Structures.

A. Applicability.

This Section applies to Nonconforming Uses, Nonconforming Buildings, and Nonconforming Structures.

B. Effect of Certain Changes.

1. Except as otherwise provided in this Section 1.21.2, Nonconforming Use, Nonconforming Building, or Nonconforming Structure shall be changed, Altered, Enlarged, increased, or extended to occupy more land than that occupied thereby prior to a Zoning Change, nor shall it be moved in whole or in part to any other portion of the Lot or parcel of land occupied thereby at such time or to any other Lot or parcel of land.

2. No Nonconforming Use shall be Extended or Enlarged by Variance.

3. A Nonconforming Use which has been changed to a conforming Use shall not thereafter be changed to a Use not permitted in the District in which it is located without losing the legal status of such Nonconforming Use.

4. If a Nonconforming Use of land or a Building or Structure is discontinued and abandoned for a continuous period of one (1) year, the legal status of such Nonconforming Use shall be lost and thereafter the Use of such land, Building or Structure must be used in conformance with the with these Regulations; except where the intent to continue such Nonconforming Use can be demonstrated to the satisfaction of the Planning and Zoning Director notwithstanding the discontinuation of such Use of Land, Building or Structure.

5. Notwithstanding Section 1.21.2.B.1:

a. Where a change of Use would create new Setbacks, any Structure which lawfully existed before such change shall be rendered legally Nonconforming.

b. A change in occupancy or ownership shall not, by itself, constitute a change of Use.

c. A Nonconforming Building or Nonconforming Structure may be Enlarged or Altered if the result would be an increase in the extent to which the Nonconforming Building or Nonconforming Structure conforms to these Regulations.

d. A Nonconforming Building or Nonconforming Structure may be Enlarged or Altered, provided that the Enlargement or Alteration conforms to these Regulations.

e. A change of Use from a single-family residence to a two-family residence shall be permitted provided that any alteration conforms to these Regulations, including off street Parking requirements.

f. A Nonconforming Building or Nonconforming Structure may be moved without the loss of its legal status if, as a result of the move, the Building or Structure or Use thereof, conform to these Regulations (unless the move results in the Use being one permitted in the District in which it is moved).

g. A Nonconforming Use of land or a Building or Structure may be changed to another Nonconforming Use without losing the legal status of such Nonconforming Use:

(1) Provided that a Special Exception as per Section 8.3.3.A.2.b(2) is granted by the Zoning Board of Appeals upon a finding that:

(a) The proposed Use is equally appropriate or more appropriate to the District as the existing Nonconforming Use; and

(b) The proposed Use will have the same impact or a lesser impact upon the surrounding area as the existing Nonconforming Use; and

(2) Further provided that the cost of structural Alterations to a Building or Structure changed to a new Nonconforming Use shall not exceed twenty-five percent (25%) of the assessed value of the existing Building or Structure.

6. Notwithstanding anything else in this Section 1.21, Commercial Recreation establishments, that were approved and properly permitted, located on properties formerly within the Industrial No. 1 or Restricted Industrial Zone, are considered conforming Uses within the SD-HI and SD-LI Zones and are exempt from Section 1.21.2 of these Regulations.

D. Repair, Maintenance, or Compliance.

1. Ordinary and routine maintenance, repair, replacement of nonbearing walls, roofs, fixtures, wiring or plumbing, or stabilization or restoration to a safe condition of any part of a legally existing Nonconforming Building, Nonconforming Structure, or Nonconforming Use of either; or

2. Any work required by the codes, ordinances, or regulations of the City or ordered by any City official charged with protecting the public health, safety and welfare, provided that such work does not enlarge or extend the Nonconformity.

E. Continuation of Special Permit Use, Use Permitted by Right with Limitations, or Special Exception.

Whenever prior to a Zoning Change any legally existing Use has been permitted as a Special Permit Use, Use Permitted by Right with Limitations Standards, or a Special Exception, which Zoning Change has not resulted in such Use being rendered Nonconforming, such authorization shall be continued subject to any time period approved for said Special Permit Use, Use Permitted by Right with Limitations Standards, or Special Exception.

A. Created by Plat.

1. A parcel of land constituting a legal building Lot that is recorded in the Norwalk Land Records before a Zoning Change, which Lot is in separate ownership from abutting Lots and does not conform to these Regulations, may, without losing its legal status, be improved in accordance with these Regulations, provided that the dimensional standards and minimum Open Space requirements that were applicable at the time of subdivision are met.

2. If two (2) or more adjoining parcels of land are in single ownership and are recorded in the Norwalk

Land Records as separate legal building Lots before a Zoning Change, and if one (1) or more of the Lots does not conform to these Regulations, then such Lot or Lots shall be considered to be an undivided parcel for the purpose of these Regulations, and no portion of said parcel shall be used or sold so as to diminish conformance with these Regulations, except as may be granted by Special Exception by the Zoning Board of Appeals.

B. Created by Deed, etc. Prior to Subdivision Regulation.

A Lot that existed immediately prior to a Zoning Change and was created by deed or other means prior to being in the City or prior to the initial adoption of applicable subdivision regulations, which Lot does not meet the dimensional standards of the applicable District under these Regulations, may, without losing its legal status, be Developed in accordance with the Uses permitted in the applicable District under these Regulations, provided that it meets as closely as possible the dimensional standards of the applicable District and meets all other applicable requirements of these Regulations.

C. Creation of Nonconforming Lot by Merger of Legal Nonconforming Lots.
